## Chapter 1 by Gamer Lexi

I stood in the the dark corner developing a sword made with the strongest piece of paper and securely held onto it. I battled my little brother as he was 7 years old and I was 9 i had to play with him as my older sister is currently cruising down the Nile. So after that long fight we decided playing IT cause we were bored but When I warned him to not go deep into the forest a black star shot towards his brain and he dashed so quickly towards the forest through all the thick branches and I ran calling him for help but he still ignored me till he jumped into a deep bog and the star popped out of its other ear he cried for help as his hand sunk deeper in the bog ,and i dashed home but because of my speed and invisabiliy i was able to outwit them. i wondered if i should transform into super girl.

Another week of no siblings in the house and still my older sister has not came yet so this was starting to get boring. Lisa (my older sister) still has not came back home even when she had to come yesterday! I transformed into super girl ad dived into the bog waiting for something to happen. The next day I was lying in bed with my brother in another and my sister in another. "what is..." i mumbled until a iron drill drilled though the wall it was iceman the menacing destroying earth. "Mwahahah! now we have these three super heroes we ca now restore the divisions of the crystal of evil!" said ice man ."huh three super heroes? i thought i was the only super child in the family." i thought.

"super girl, super boy and strong girl!" said ice man." they are perfect seize them!"I used my suner strength to escane free before i could get destroyed and used the excess iron to set free
